Questions about household

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

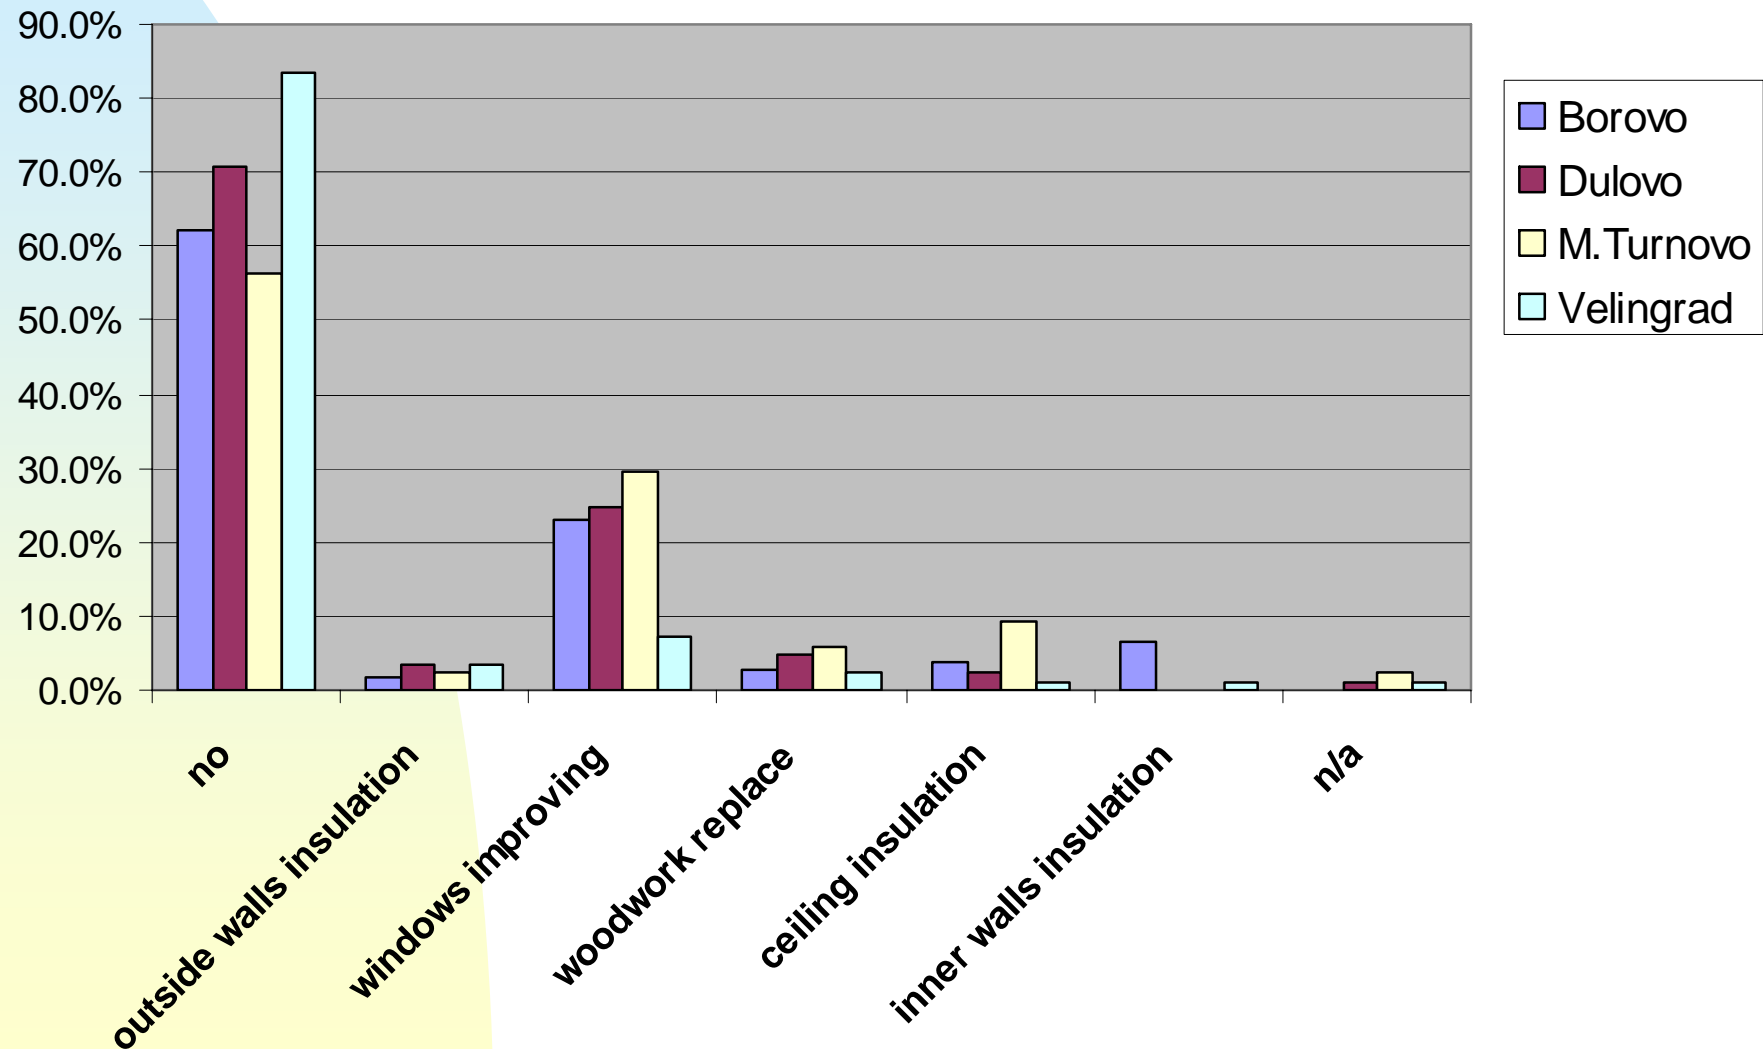

What % of the built area are you heating?

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

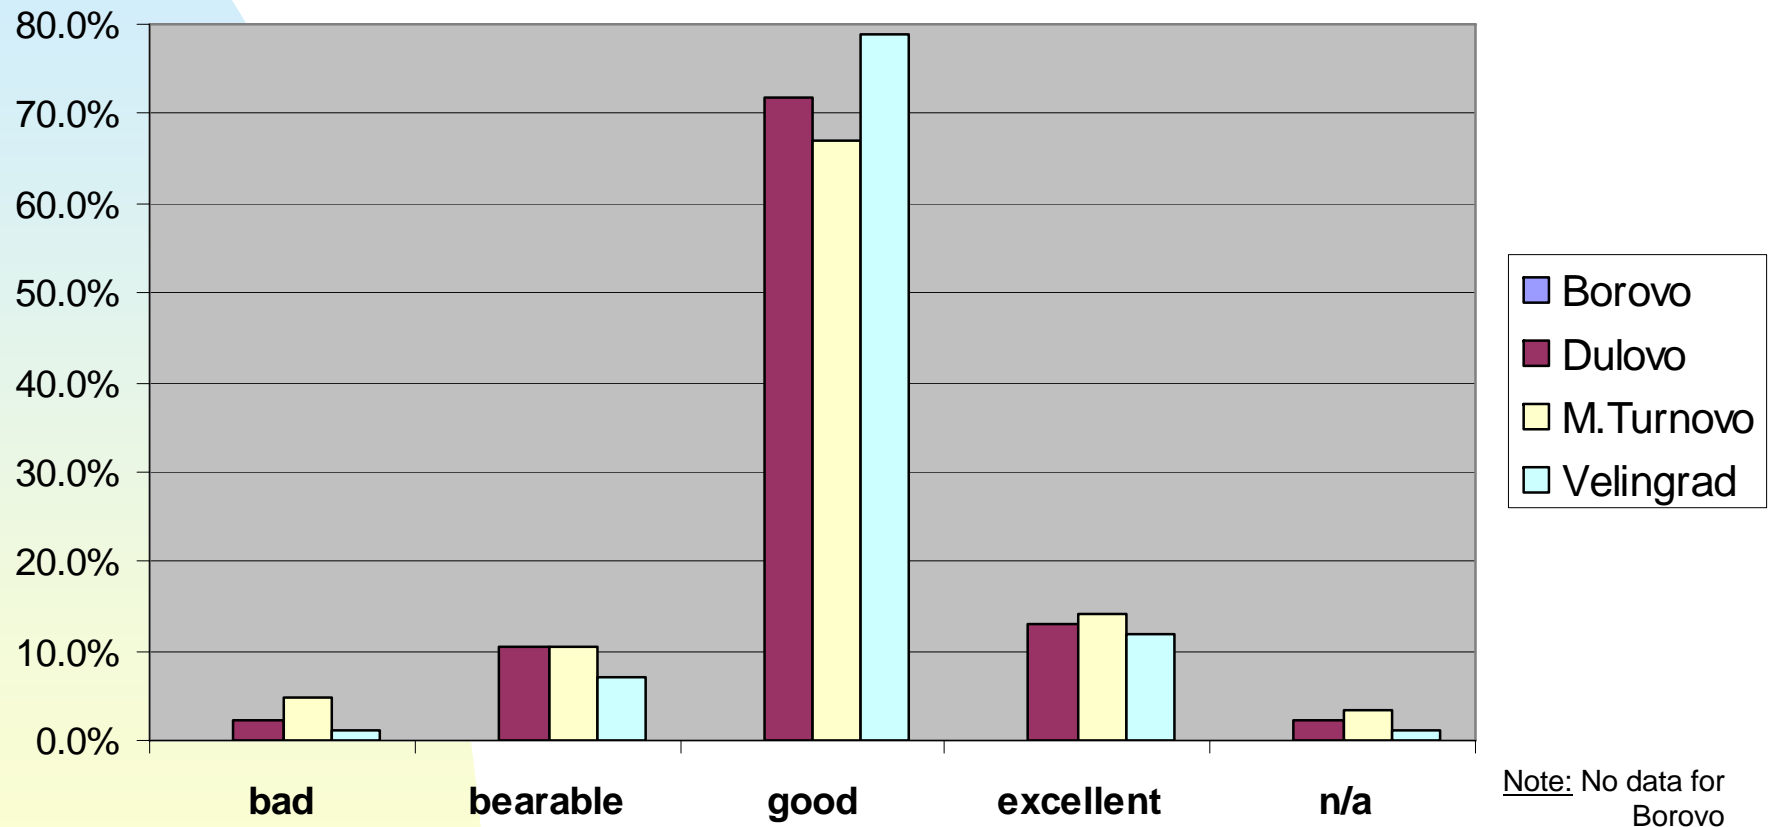

Have you carried out repairs in your living place for energy saving(heating) purposes?

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

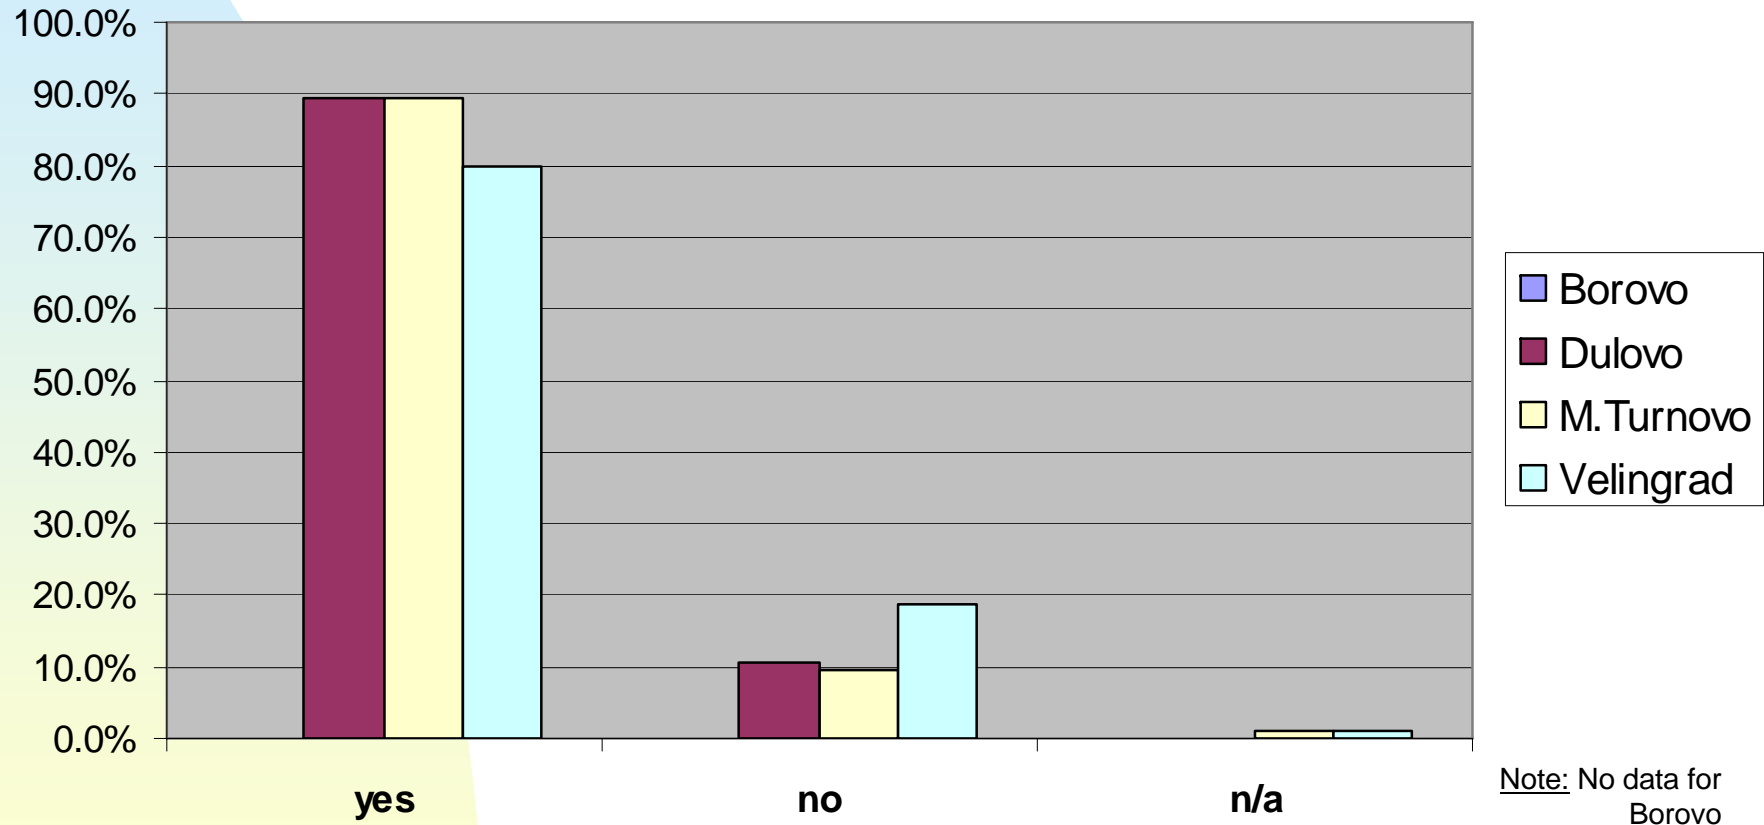

The hygienic conditions in your abode are:

Renewable Energy Conference 2004

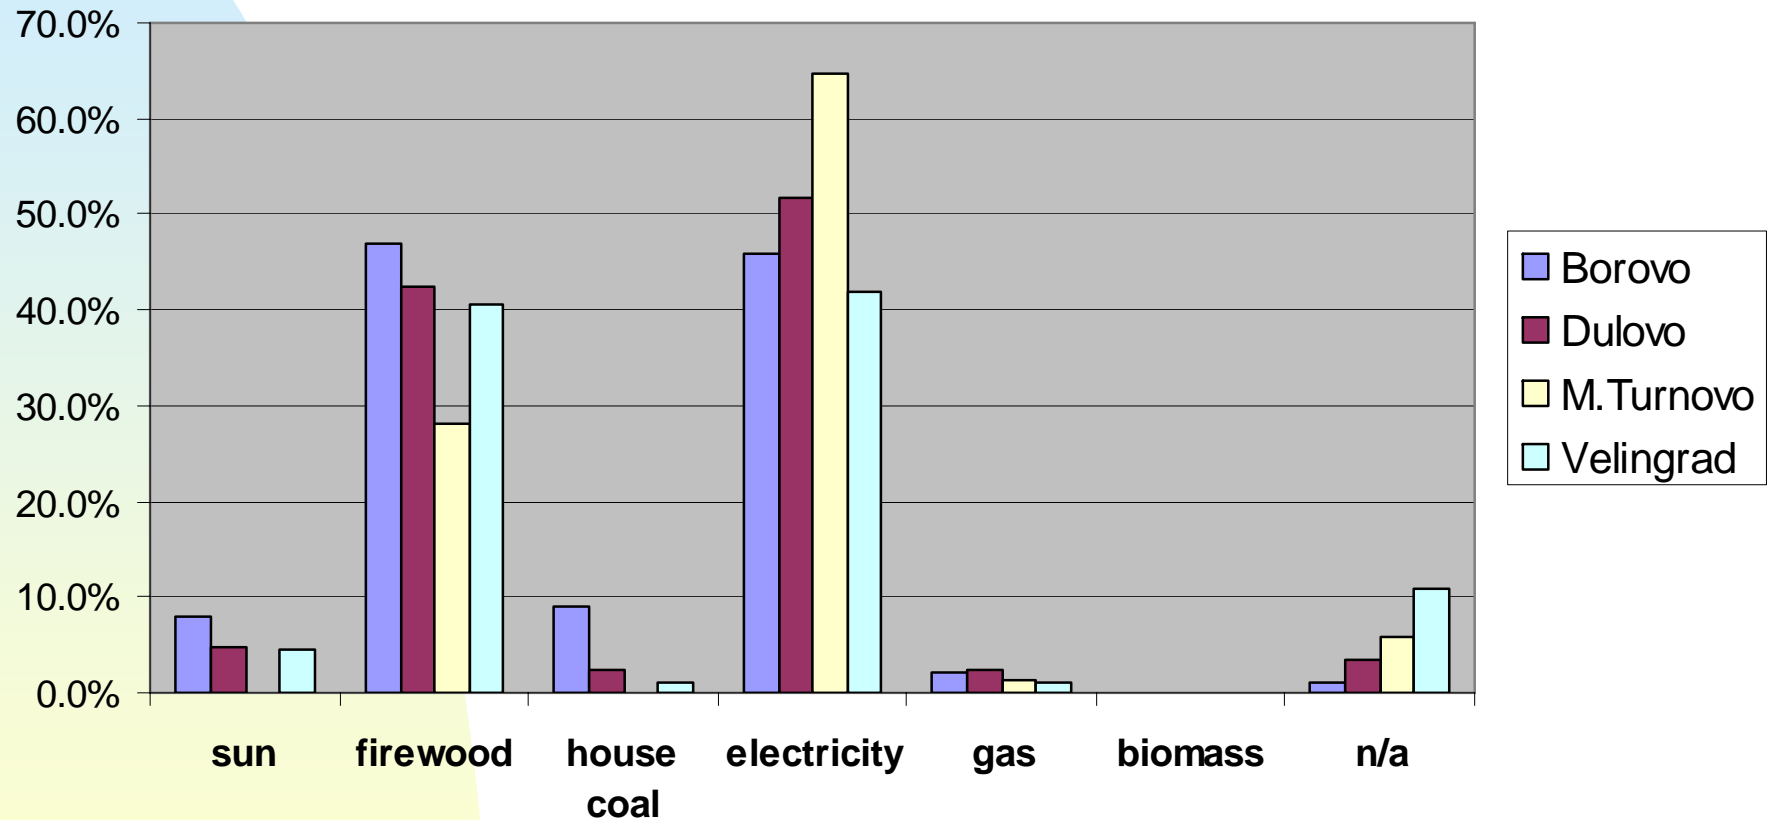

Report: Opportunities for the energetic use of Biomass in Bulgaria

Are you have bathroom supplied with hot water?

Renewable Energy Conference 2004 Report: Opportunities for the energetic use of Biomass in Bulgaria

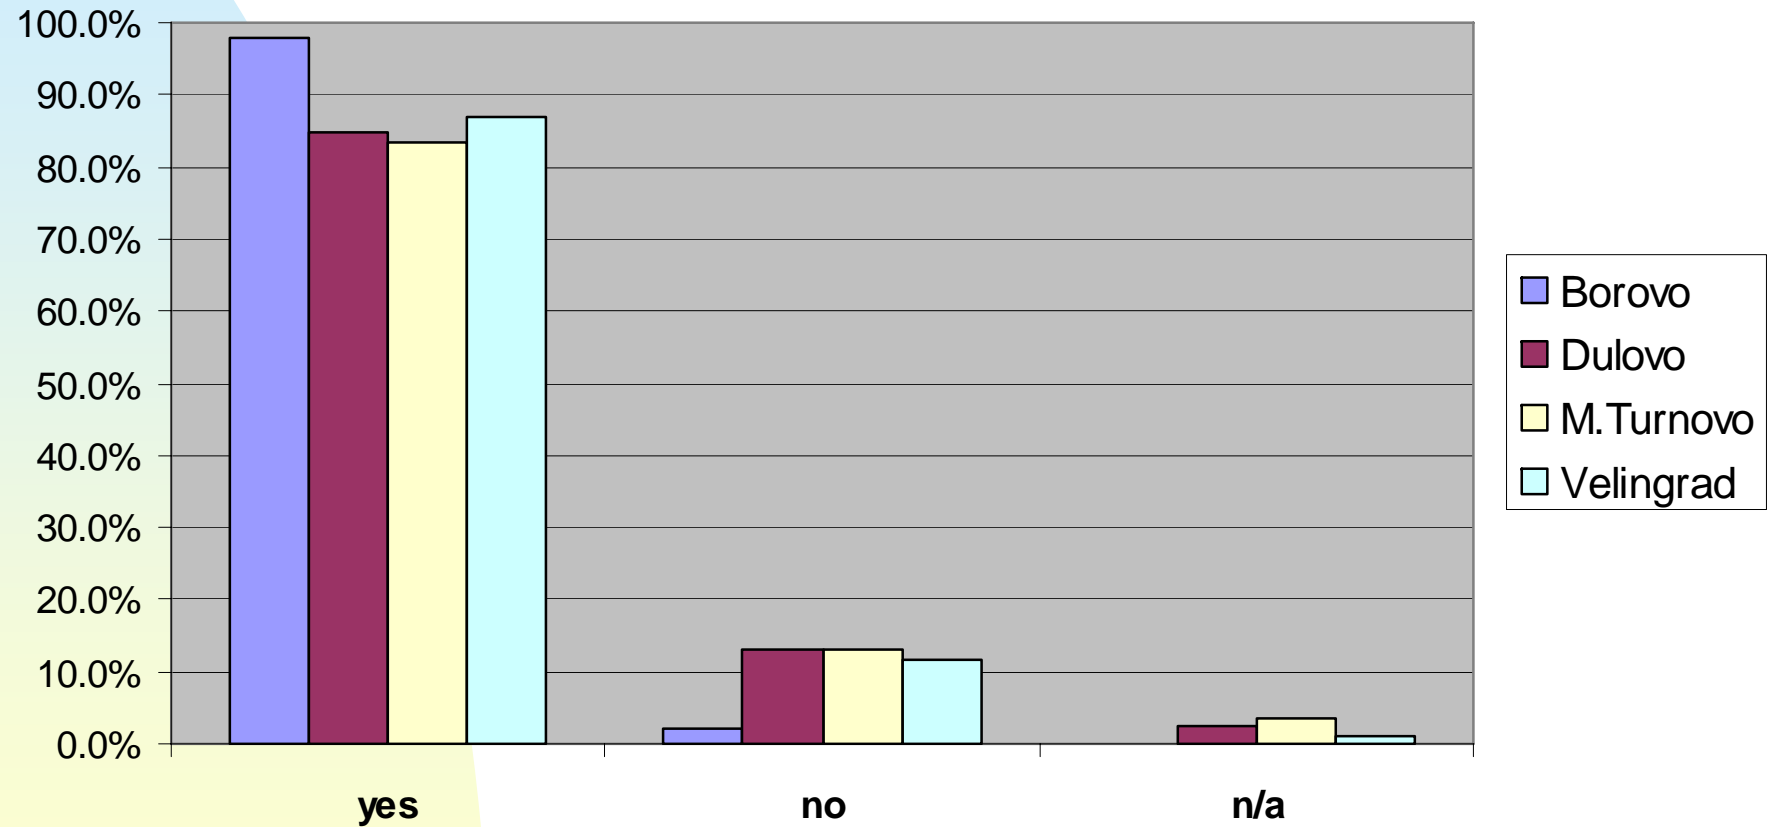

What resource are you using for heating the water?

Renewable Energy Conference 2004

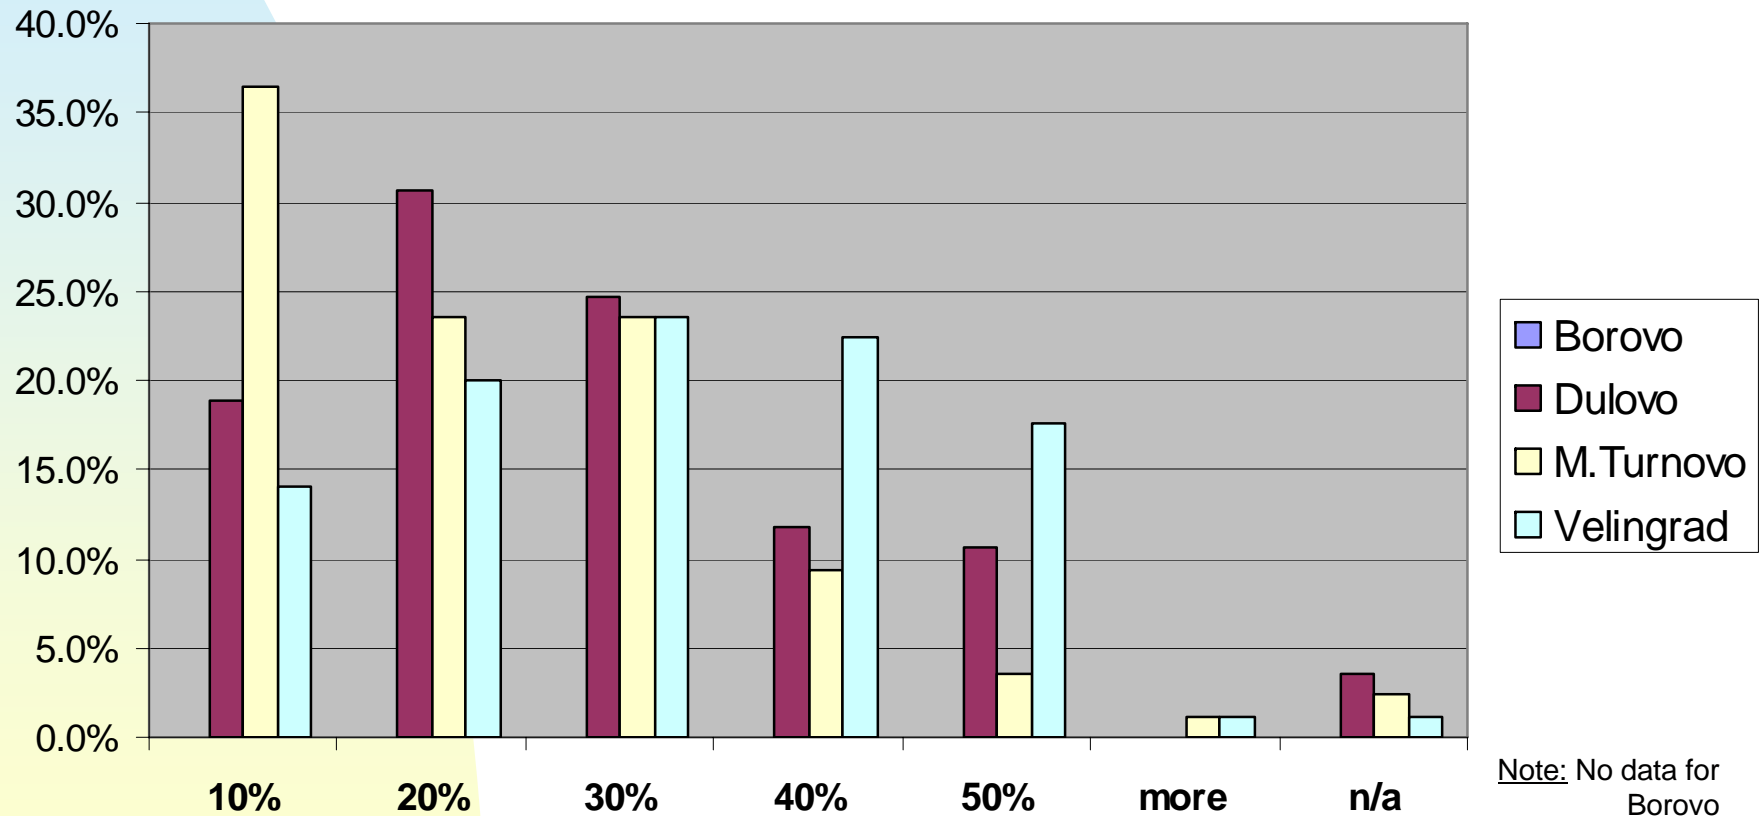

Report: Opportunities for the energetic use of Biomass in Bulgaria

Do you think that the bad heating influence the health?

QUESTIONS ABOUT ENERGY CONSUMPTION

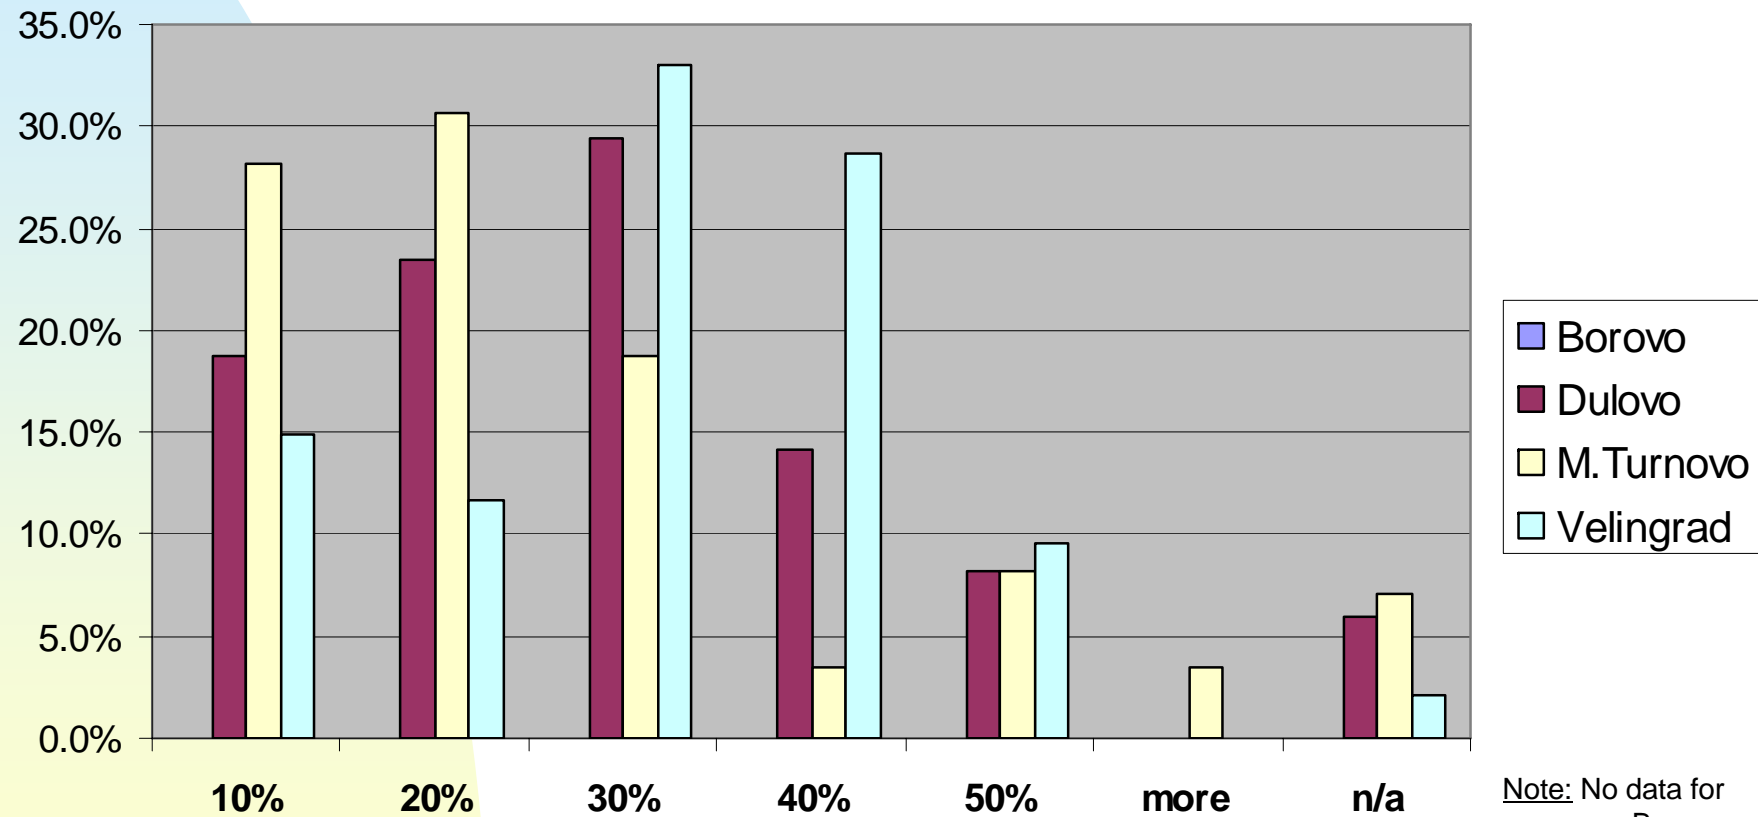

What % of your incomes you are spending for electricity?

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

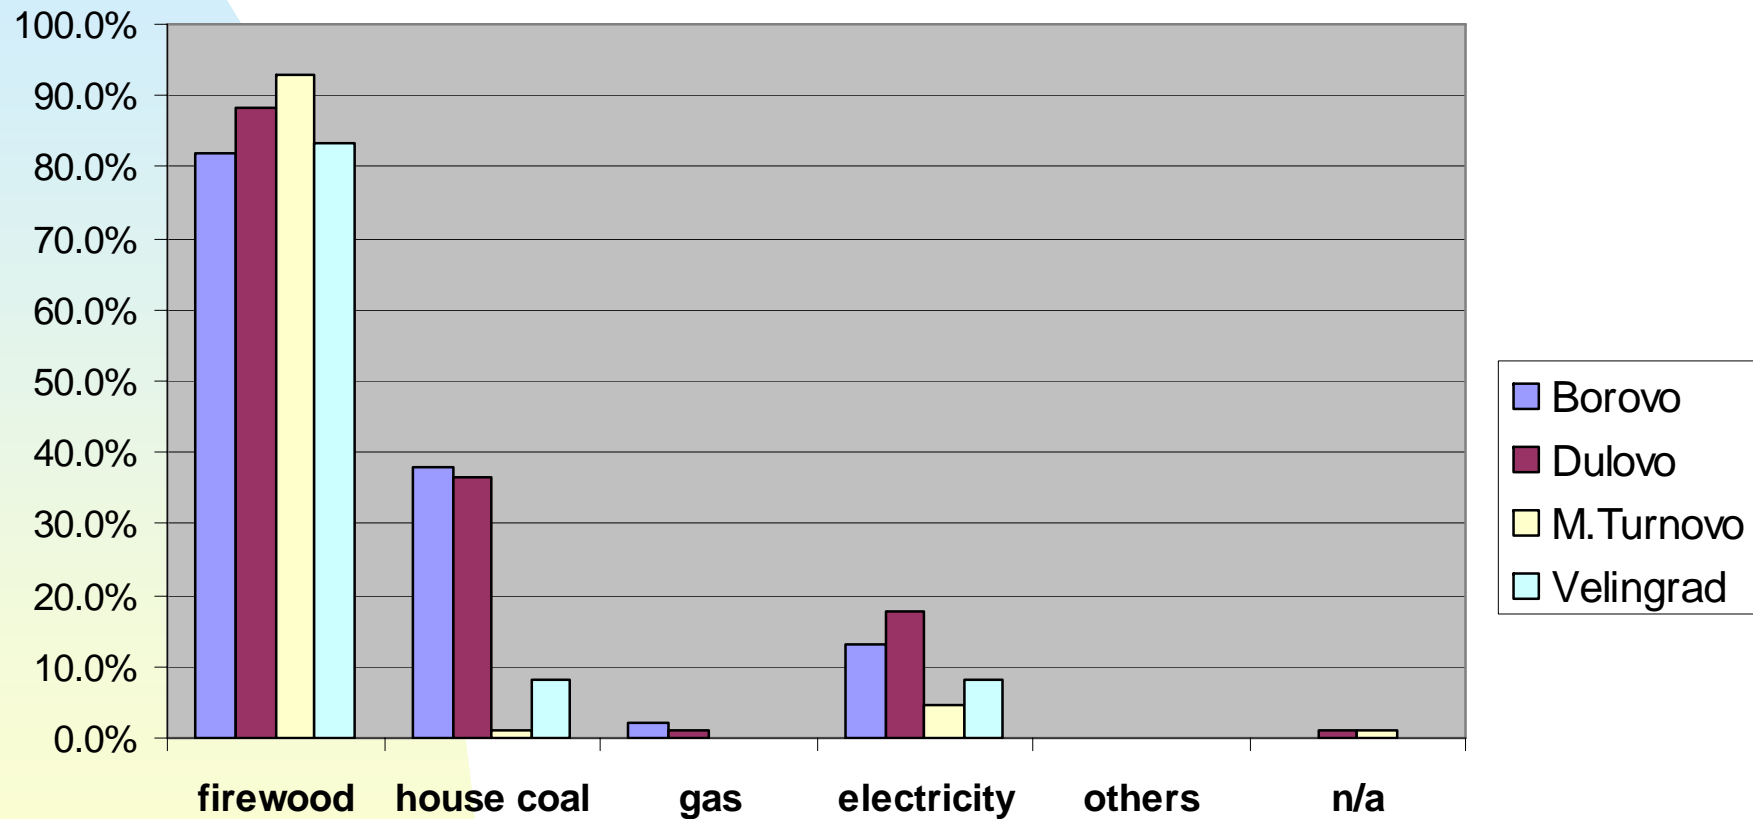

What % of your incomes you are spending for heating?

Renewable Energy Conference 2004

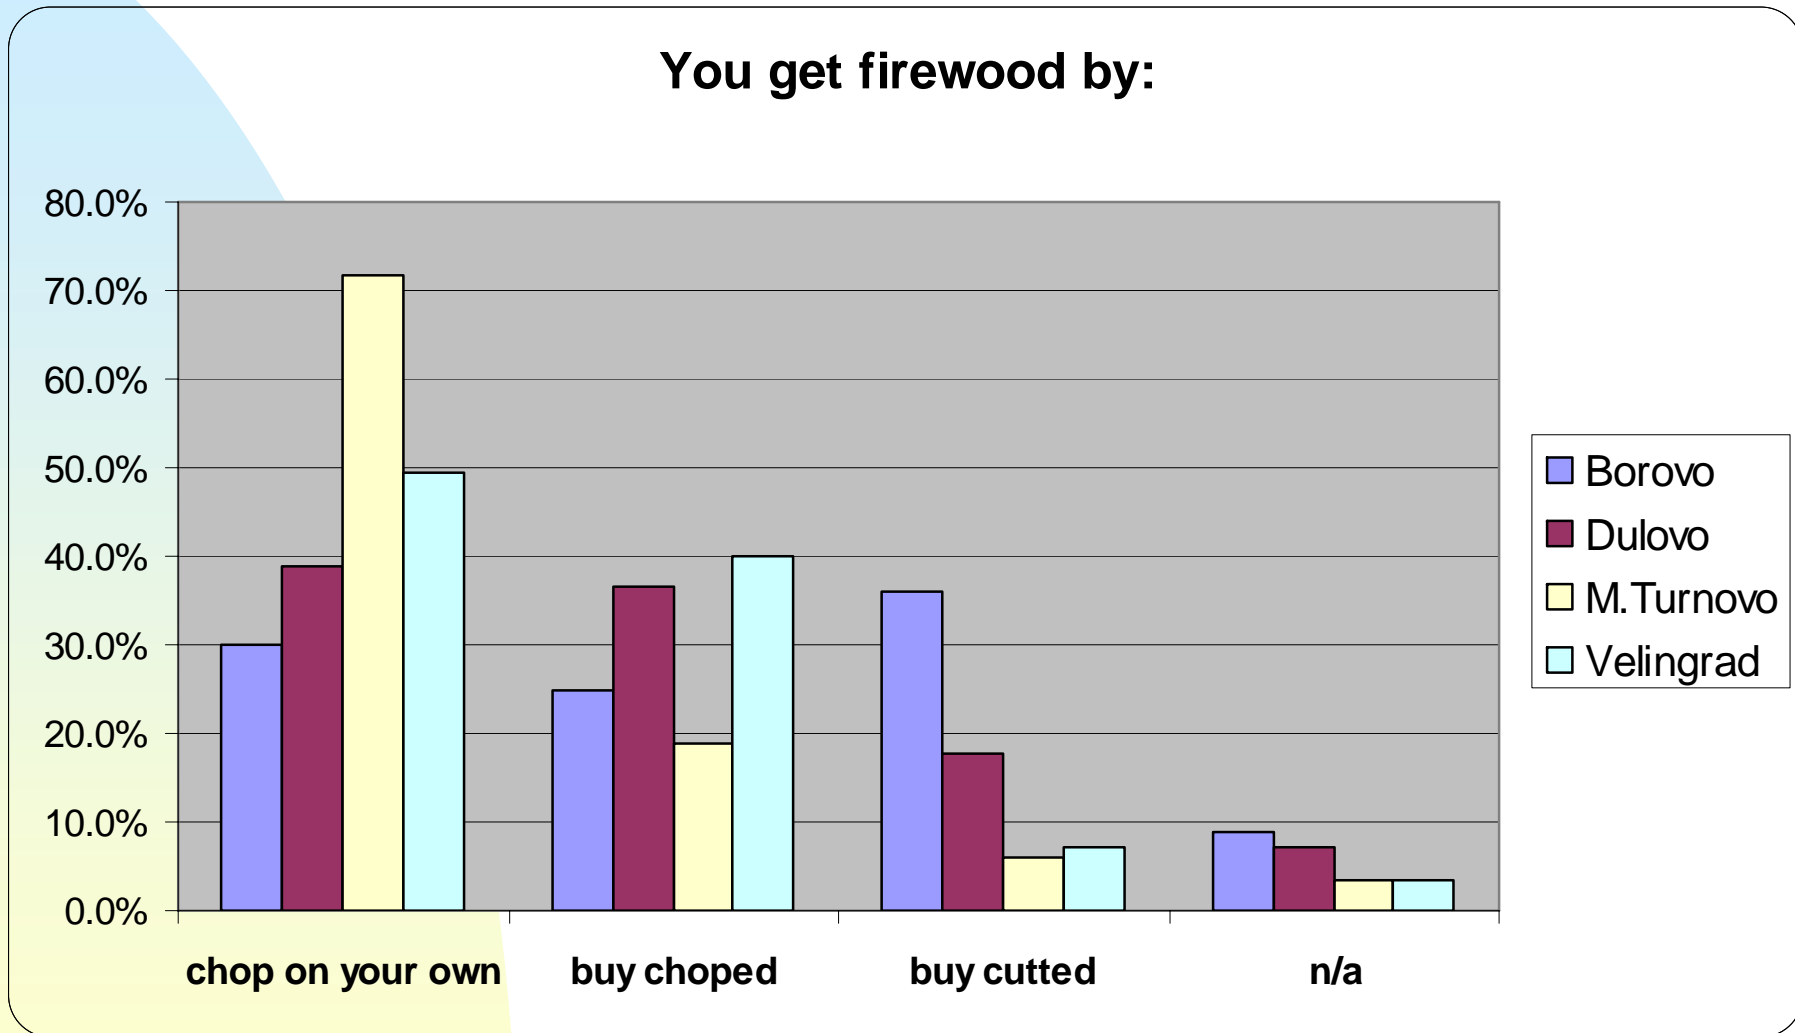

Report: Opportunities for the energetic use of Biomass in Bulgaria

Mainly you are heated by:

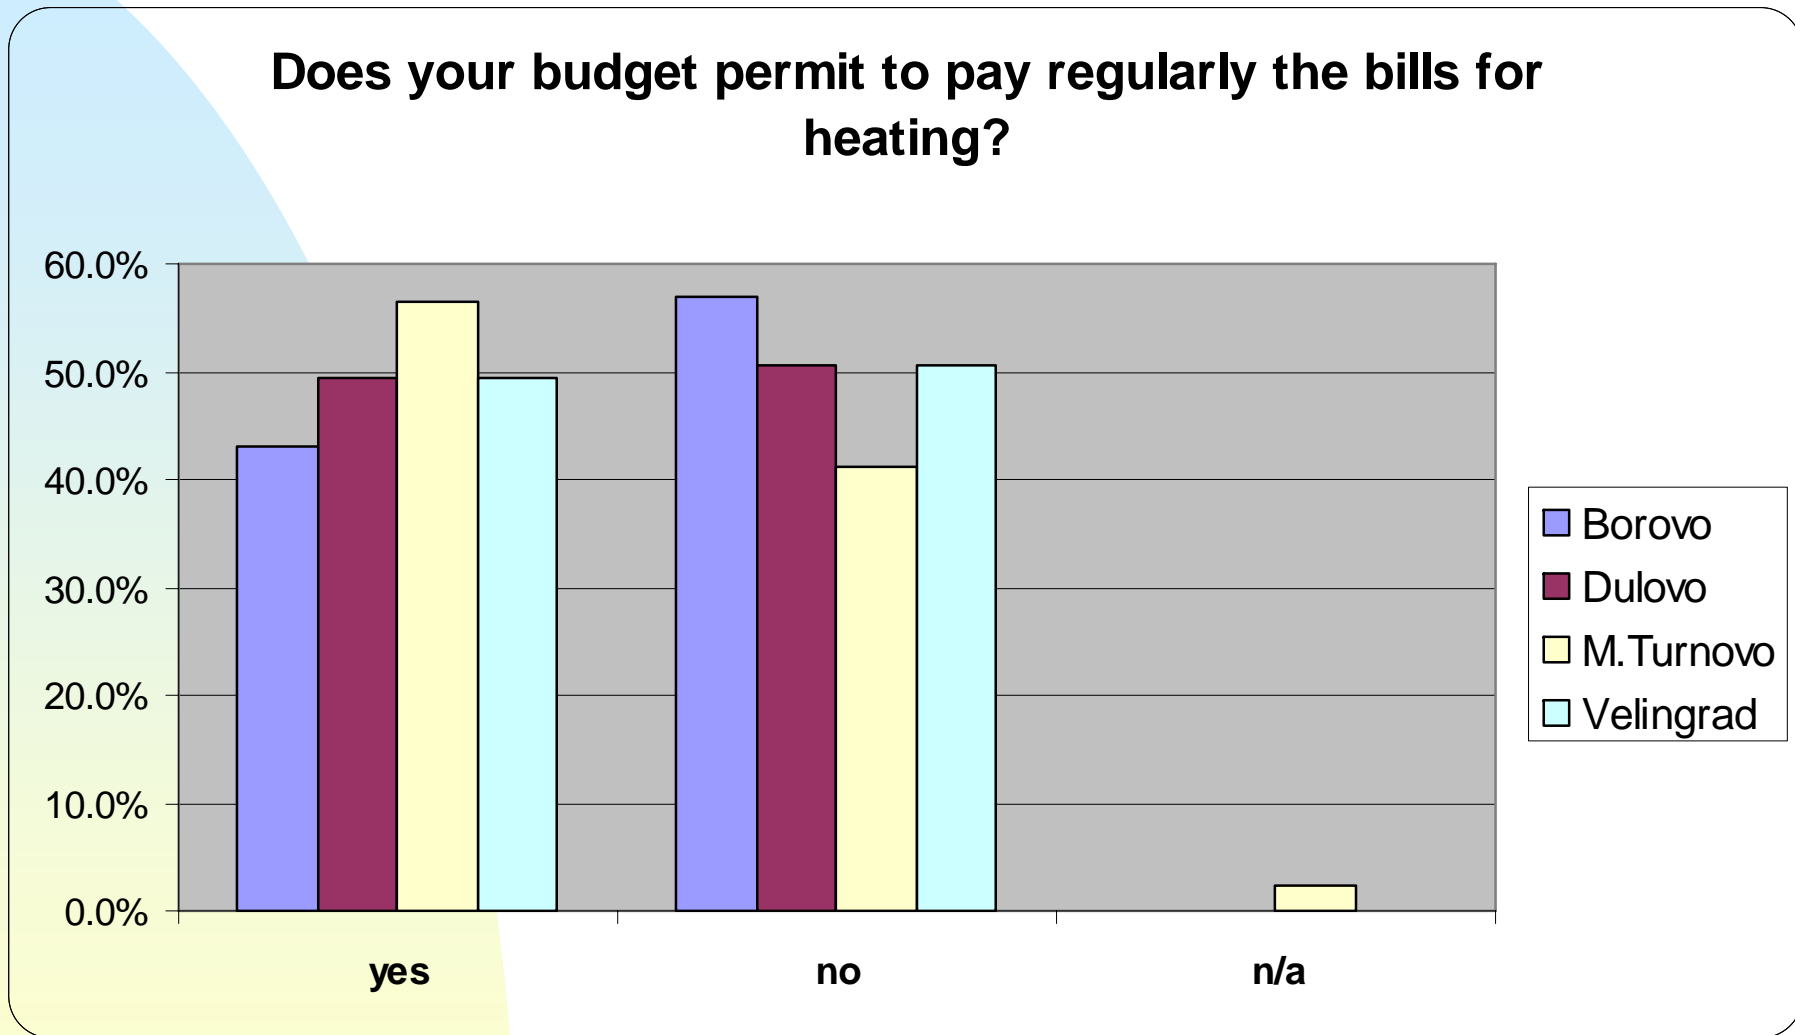

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

Renewable Energy Conference 2004

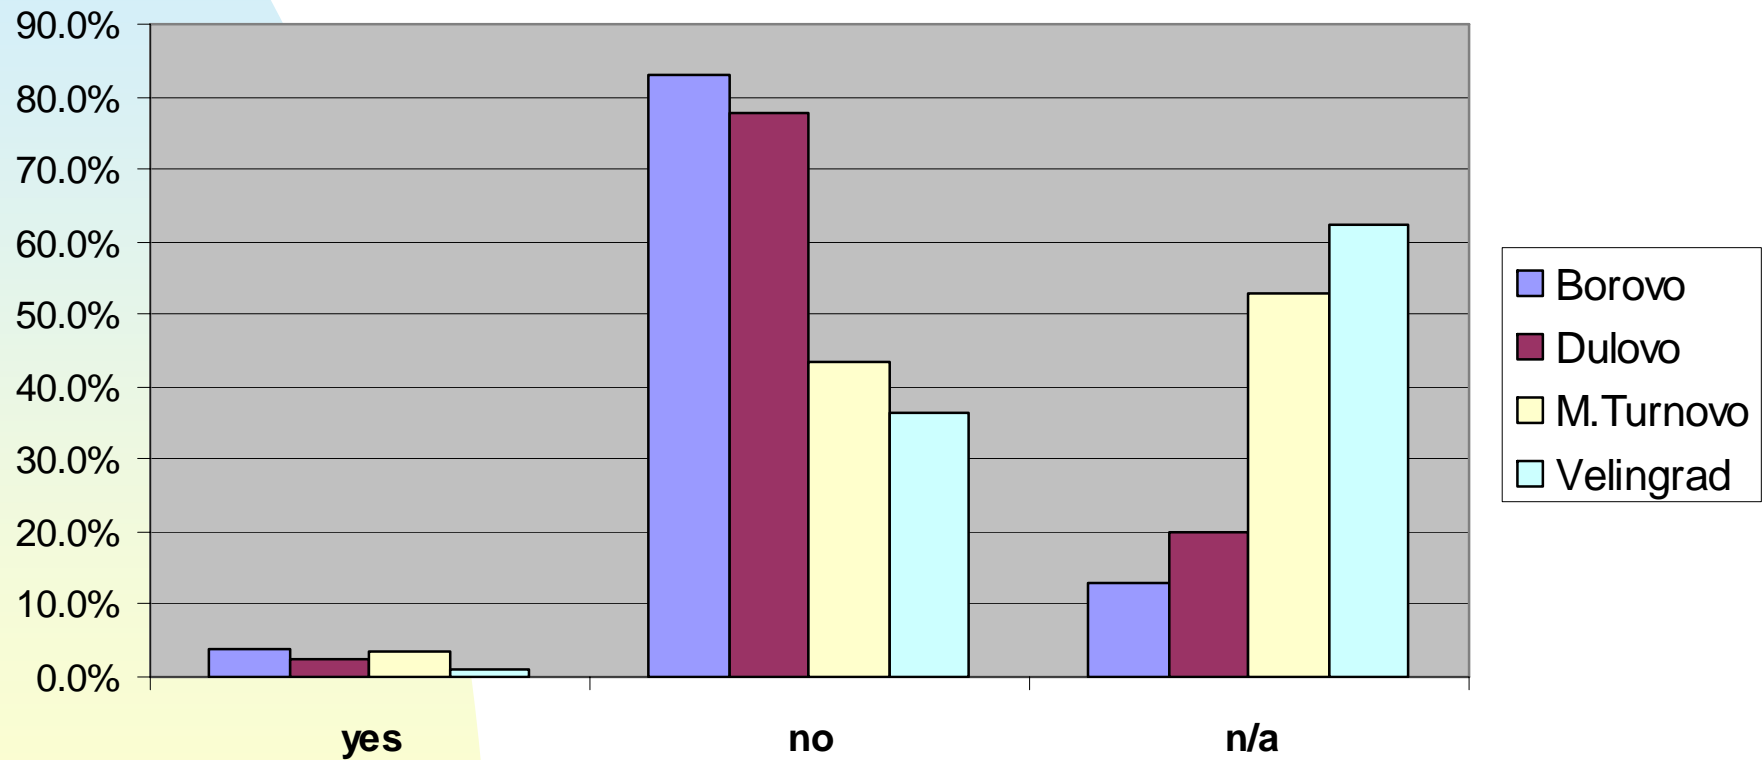

Report: Opportunities for the energetic use of Biomass in Bulgaria

Renewable Energy Conference 2004

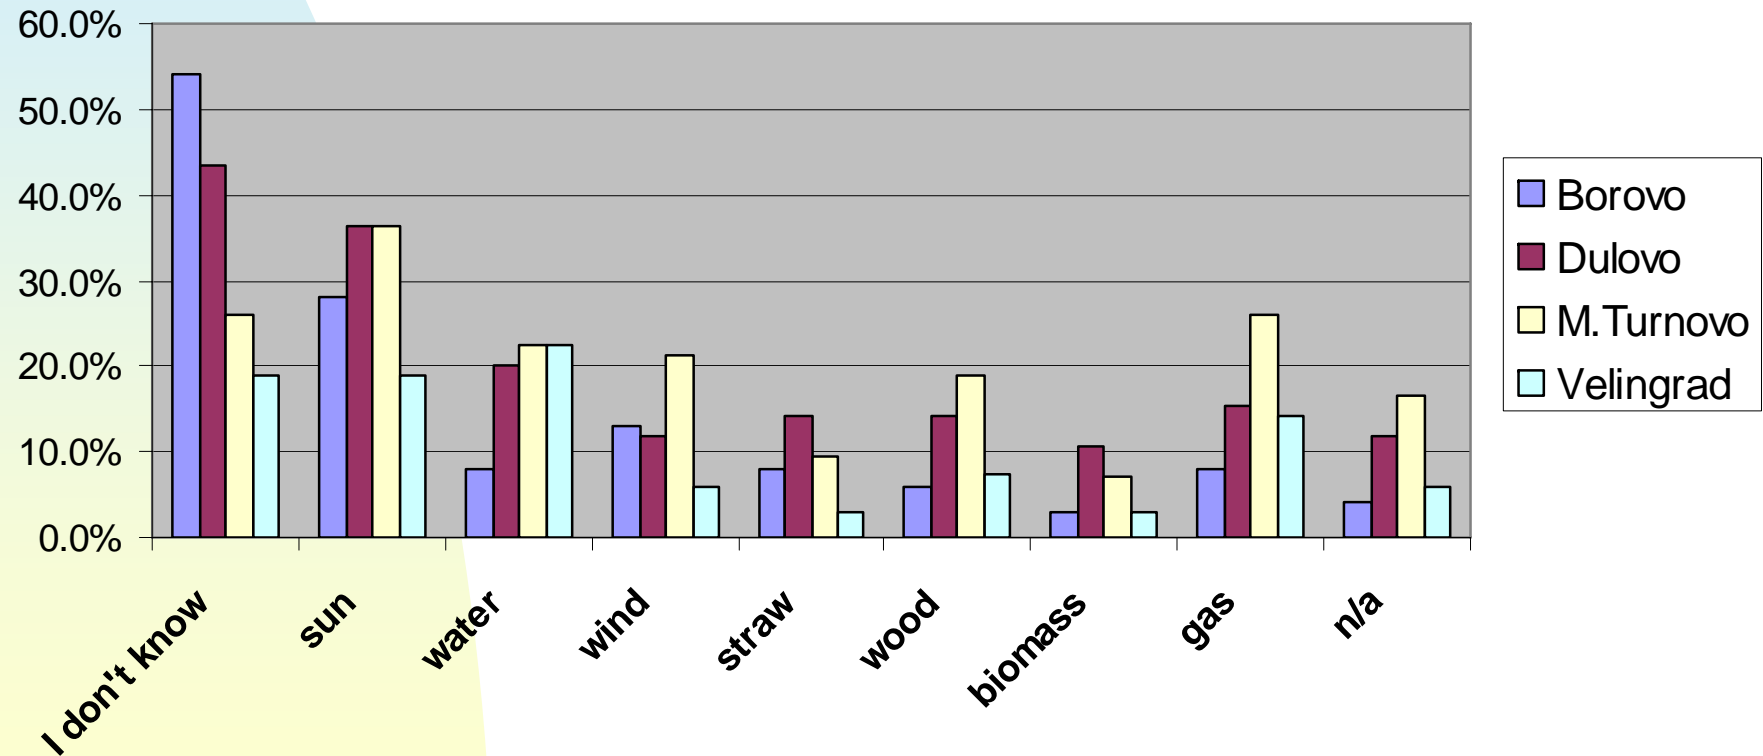

Report: Opportunities for the energetic use of Biomass in Bulgaria

Do you know the quantity of straw your Local cooperative company collect every year?

QUESTIONS ABOUT ALTERNATIVE ENERGY SOURCES

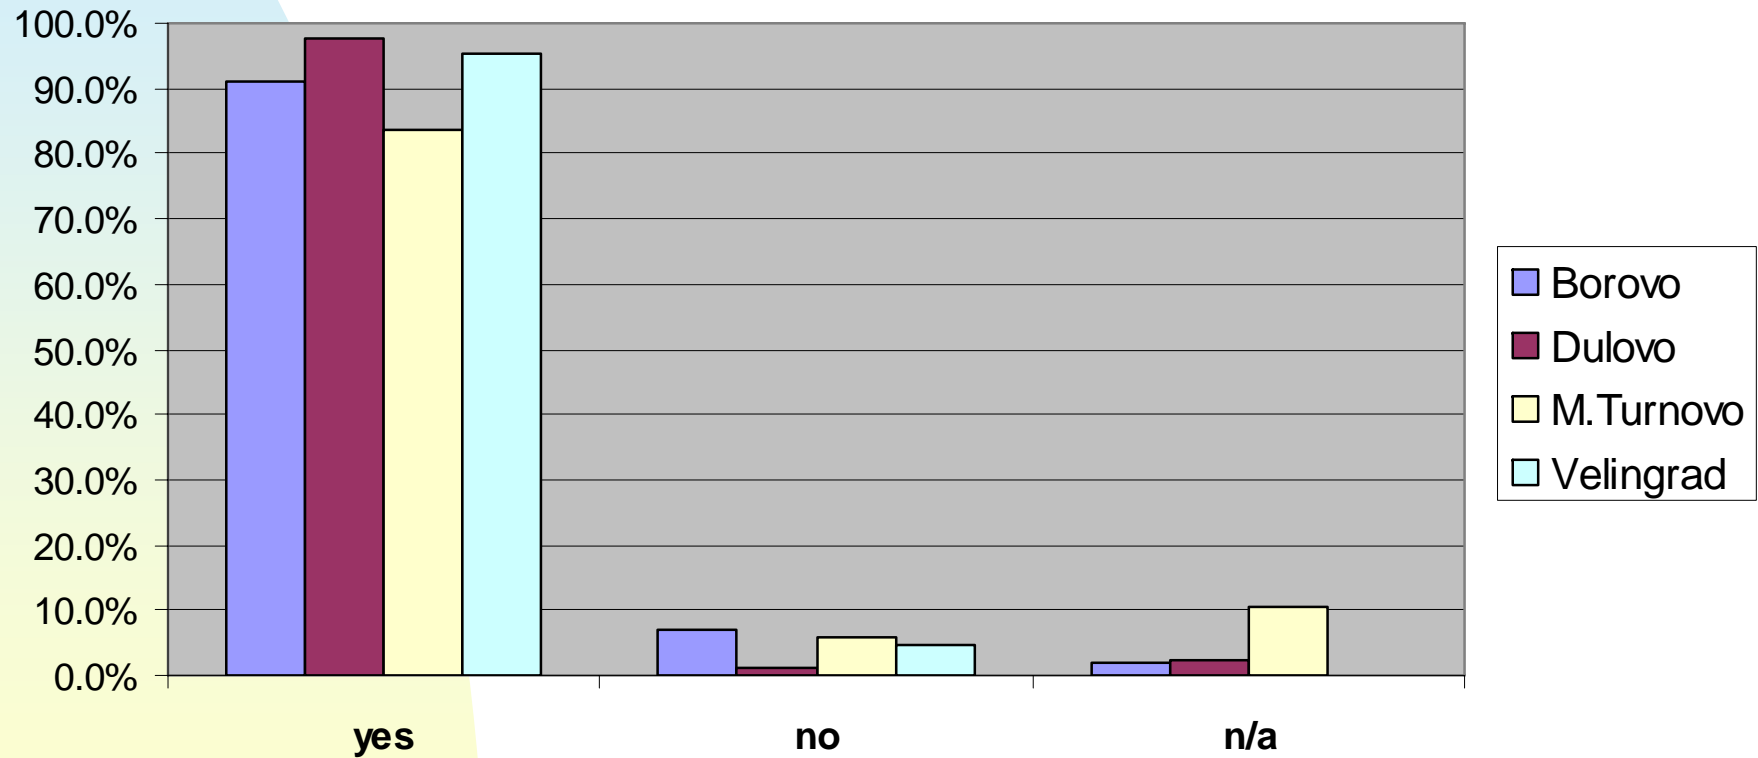

**Do you know, that there are alternative energy sources?
As following:**

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

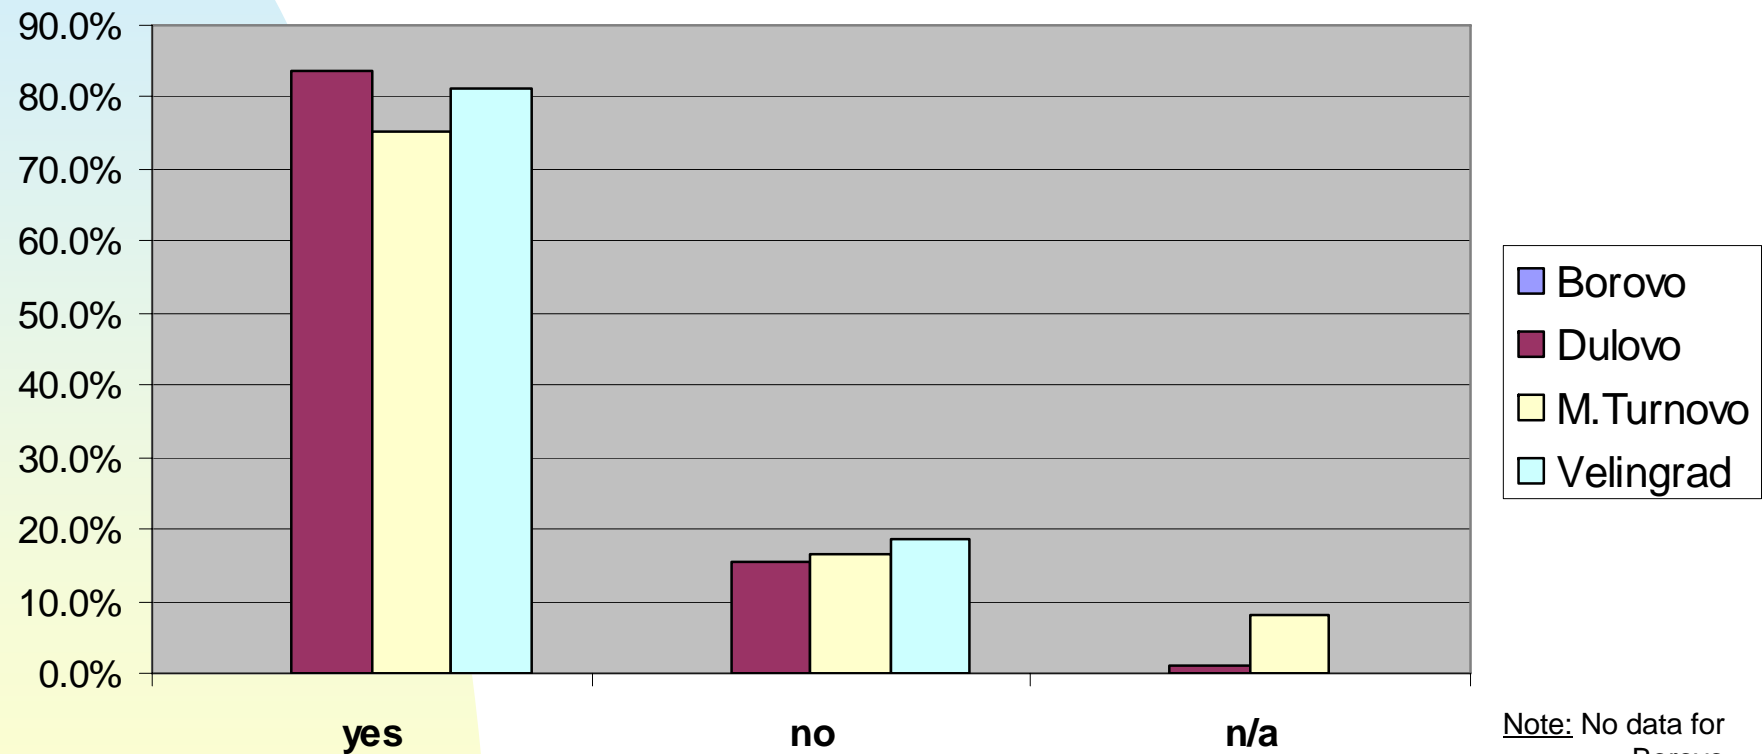

Do you want your bills for energy use to be decreased by using alternative energy sources?

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

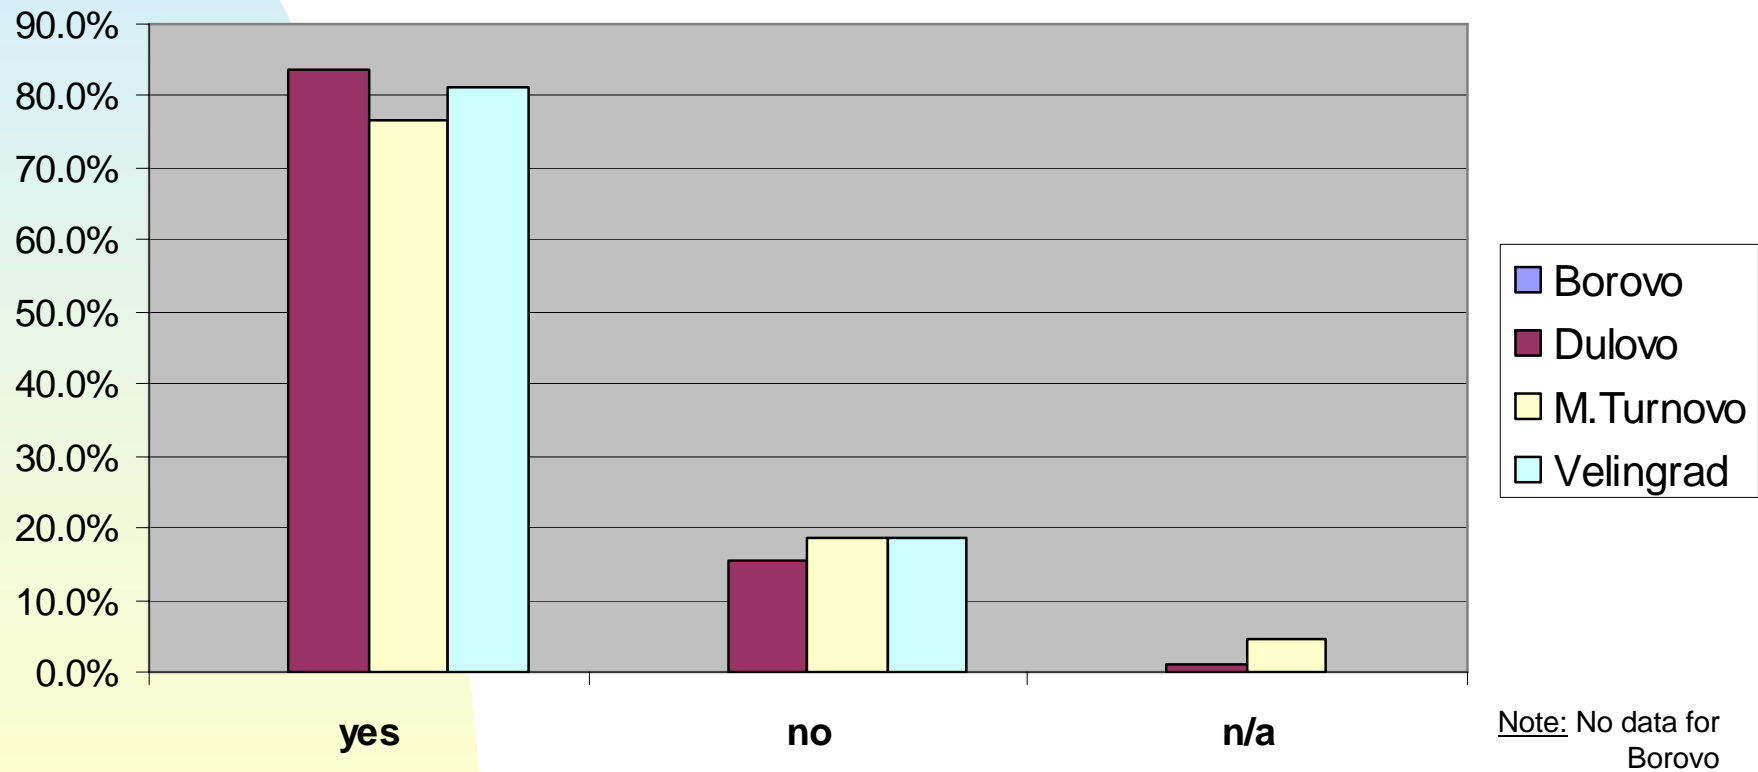

Do you think that saving money for energy will raise your prosperity?

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

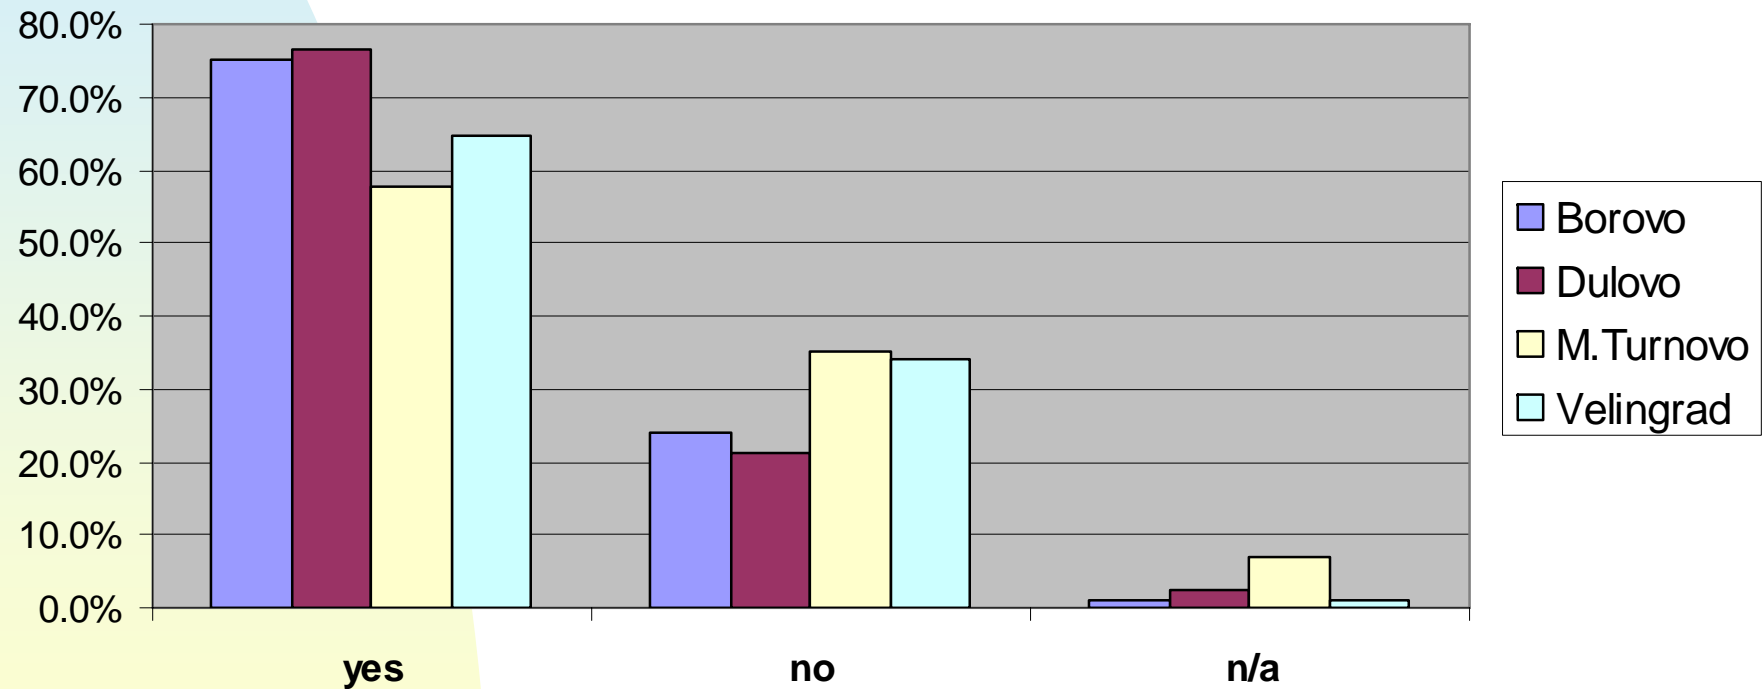

Will your life style be changed after the change of the type of heating?

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

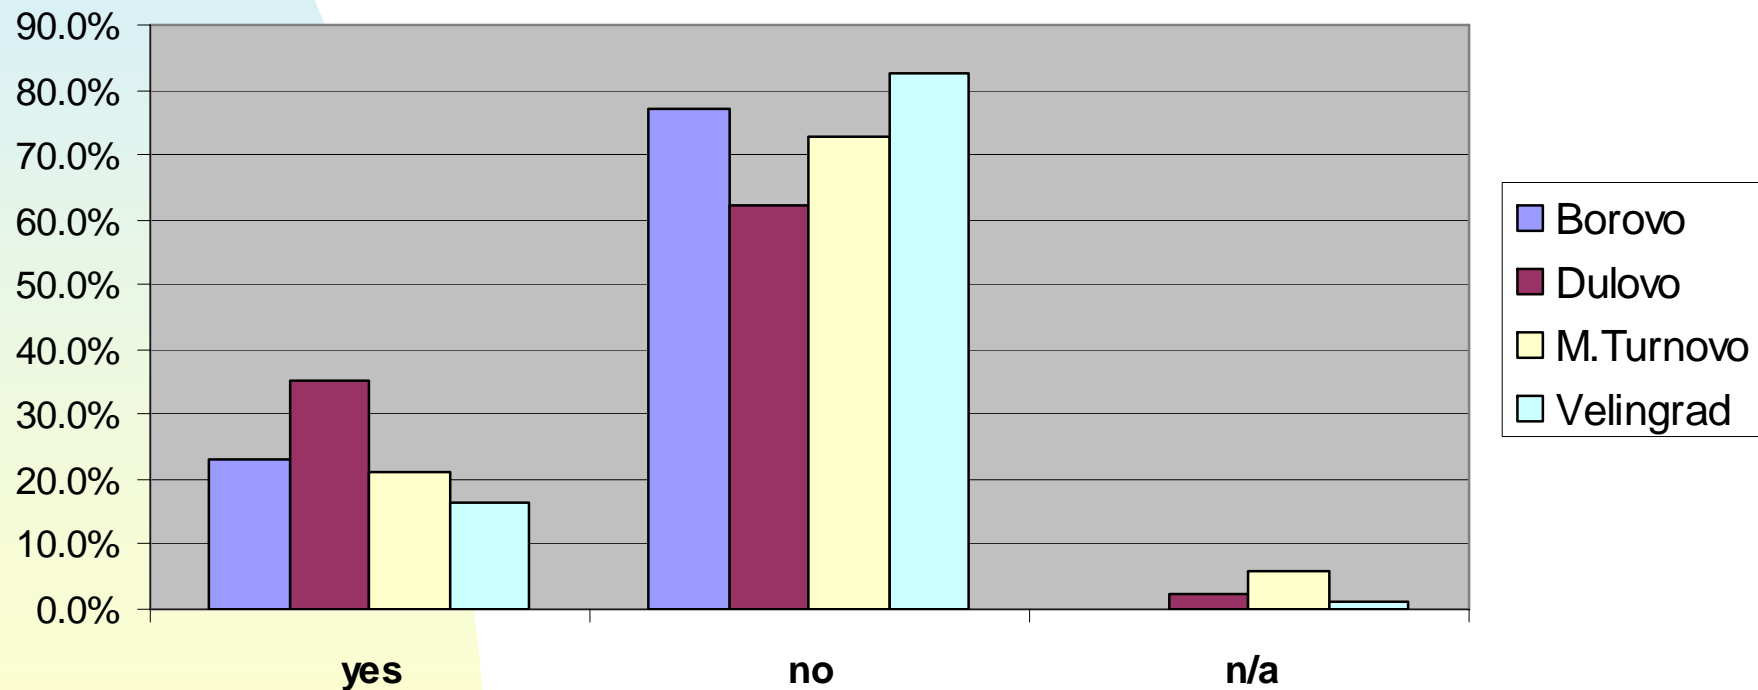

If you have opportunity, will you take part in local cooperative association for energy production based on alternative energy sources?

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

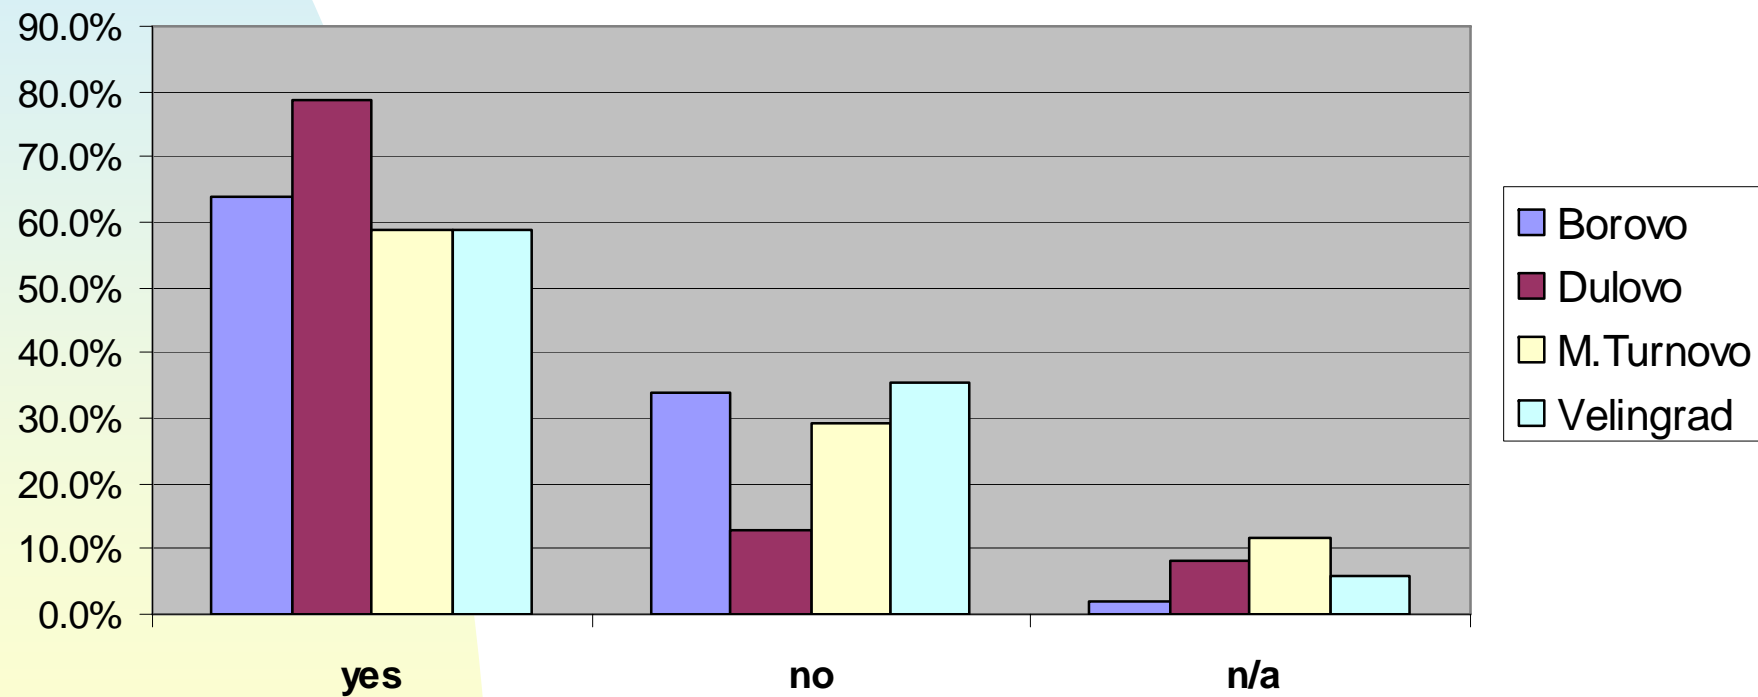

Would you guarantee a credit for alternative energy investment, taken by the local cooperative association where you are participating, using your own property?

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

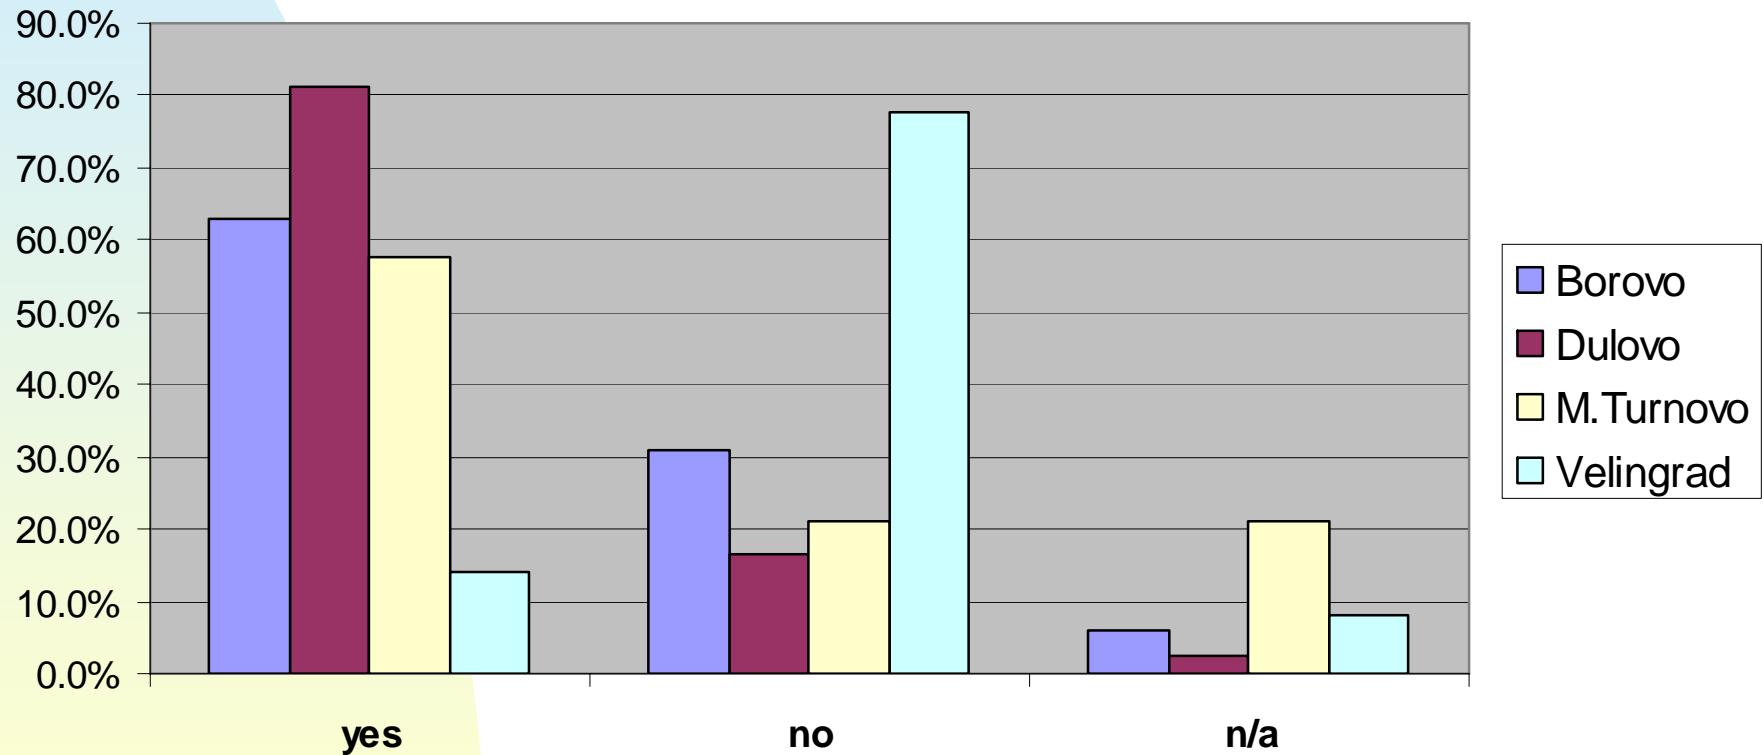

If a local cooperative association is established, would you ask the management, that all wood and straw wastes are selected as resource for energy production?

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

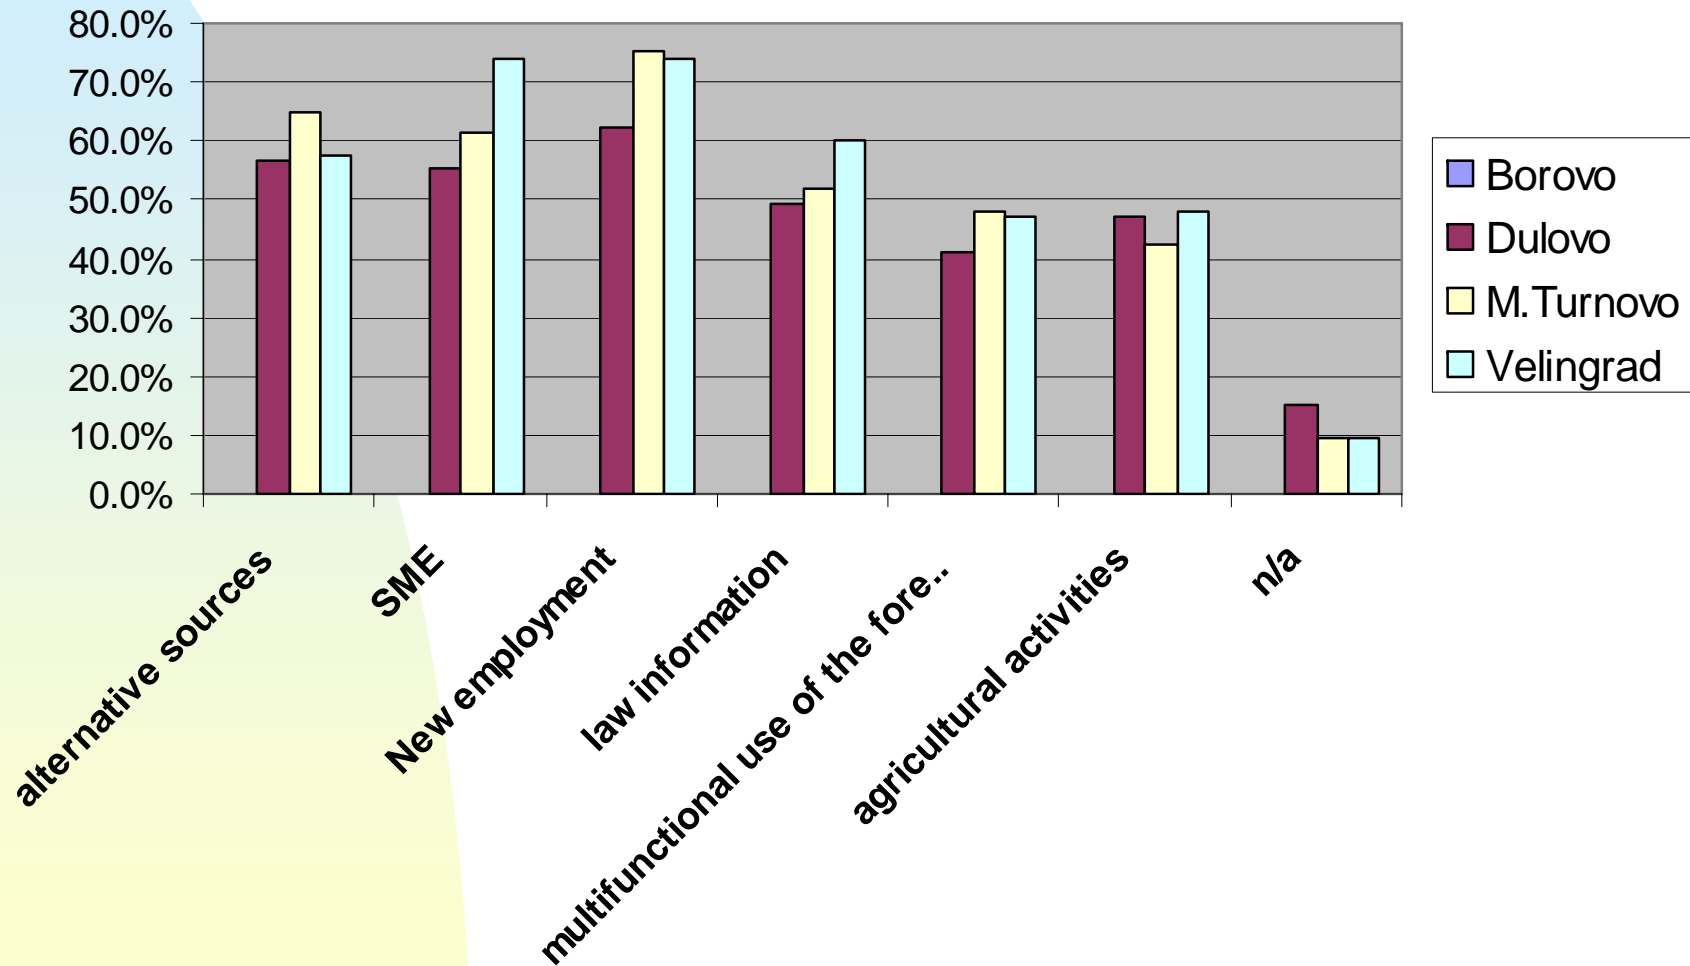

Will you take part in economic initiatives for proper utilization of wood species in your community?

Renewable Energy Conference 2004

Report: Opportunities for the energetic use of Biomass in Bulgaria

Do you need some information for:
